## INTRODUCTION TO SCHOOL OF NURSING

Hangzhou Normal University is one of the oldest universities in China which set up nursing program. The history of Nursing School can be traced back to Zhejiang Guangji Nursing School established in 1917. The school is characterized by a long history of international collaboration with the World Health Organization (WHO) and the United Nations Development Programme (UNDP) since undertaking China nursing education reform program in 1991.

Nursing School started the nursing program for undergraduate students in 2003, obtained the master degree granting in 2006, and began the nursing program for undergraduate international students in 2016, and initiated master program for undergraduate international students in 2020. There has been around 50 full-time undergraduate and postgraduate international students from more than 10 countries, such as Zambia, Nigeria, USA, Malaysia and Belize.
